TAKE A LEAP

Whether it's a dream, an ambition, a goal or the prize of achieving our dream; we have all envisioned our future. From plan A to plan B, we have it all thoughtfully planned out. Everything that we think of or we do is dependent on what our future will turn out to be; that is what we call being future-ready.

While taking care of the other aspects of our life, we tend to overlook the importance of health and the unforeseen circumstances that may arise in the future, easily forgetting that more often than not, our state of health will determine our ability to achieve our desired goals.

So the question remains the same. When will our health move up our priority list?

The answer is NOW.

AND MORE

ADVANCED YET SIMPLE TO MANAGE

We believe in the power of simplicity. Accordingly, carē is a straightforward plan designed to offer maximum convenience.

WE TREAT YOUR FAMILY AS ONE

You no longer need to manage individual health insurance plans for your family members. Under the 'floater' plan, you can cover any member of your immediate family (yourself, spouse, parents, children or other eligible relationships having an insurable interest) in a single policy.

MAKE THE MOST OF WHAT WE OFFER

The security of your health and resultant happiness should be your prerogative for life. To make the process of renewing your health insurance more convenient, choose a policy with a term of one, two or three years. What's more! Avail a discount on your premium if you opt for a longer policy term.

CASHLESS TREATMENTS

With cashless hospitalisation, you no longer need to run around paying off hospital bills and then following up for a reimbursement. All you now need to do is get admitted to any of our network hospitals and concentrate only on your recovery. Relieve yourself from the worry of arranging for the funds. Leave the bill payment arrangements to us.

DIRECT CONVERSATIONS TO SETTLE CLAIMS

We believe in the old adage, “The proof of the pudding is in the eating.” So we back up our promise with an enduringly simple claims procedure, which involves just you and us.

- Either in the case of an emergency or a planned hospitalisation, all you have to do is present the Religare Health Card at our network of more than 6000 leading hospitals pan India and avail cashless service.
- In case of reimbursement of expenses when you use a hospital outside of our network, all you need to do is notify us immediately about the claim. Call us directly, send us the specified documents and we'll process your claim.

Since you interact directly with us, we can be doubly sure that you are satisfied. And when you are satisfied, we feel satisfied too.

Besides the fact that we provide you a leading-edge insurance plan, we are also proud that we deliver on our promise of hassle-free clearance and speedy settlements.

COMPREHENSIVE GOING THE FULL CIRCLE

We understand that the meter starts ticking not from the time of hospitalisation, but from the time of diagnosis and continues beyond your discharge from the hospital, encompassing various expenses.

YOUR TREATMENT

HOSPITALISATION FOR AT LEAST 24 HOURS

If you are admitted to a hospital for in-patient care, for a minimum period of 24 consecutive hours, we pay for - room charges, nursing expenses and intensive care unit charges to surgeon's fee, doctor's fee, anesthesia, blood, oxygen, operation theater charges, etc.

HOSPITALISATION FOR LESS THAN 24 HOURS

We also pay for your medical expenses if you undergo a specified day care treatment at a hospital that requires hospitalisation for less than 24 hours - we cover a comprehensive range of day care treatments.

TREATMENT AT HOME

Despite suffering from an illness/disease/injury (which would normally require care and treatment at a hospital), hospitalisation may not be possible - perhaps your state of health is such that you are in no condition to be moved to a hospital, or a room may not be available. Don't worry, we understand that and are happy to let you know that under 'Domiciliary hospitalisation', we will reimburse the medical expenses incurred by you during your treatment at home within India up to 10% of Sum Insured, as long as it involves medical treatment for a period exceeding 3 consecutive days and had actually merited hospitalisation.

PRE-HOSPITALISATION

- **Examination, tests and medication** - Sometimes the procedures that finally lead you to hospital, such as investigative tests, consultation fee and medication, can be quite financially draining. We cover the medical expenses incurred by you up to 30 days before your hospitalisation.
- **Getting to the hospital** - It is our utmost concern that you get the medical attention you require as soon as possible, especially in an emergency. We will reimburse you for expenses that you incur on an ambulance service offered by the hospital or any service provider, in an emergency situation.

POST-HOSPITALISATION

- **Back home and till you are back on your feet** - The expenses don't end once you are discharged. There are bound to be follow-up visits to your medical practitioner, medication that is required and sometimes even further confirmatory tests. We also cover the medical expenses incurred by you up to 60 days after your hospitalisation.

COVERAGE FOR NON-MEDICAL EXPENSES

- **It all adds up** - A trip to a hospital involves more than merely using the doctor's services and hospital facilities. You are bound to run up numerous 'non-medical' expenses such as transportation, attendant's cost and other daily expenses that you may not be able to even foresee. To meet these expenses without a bother and as suits you best, we pay - Daily Allowance - a lump sum per day for each day of hospitalisation for a maximum of 5 days.

EXTRA CARE FOR EVERY CLAIM FREE YEAR

No claim filed? Get 50% increase in Sum Insured

- If you do not claim on your health insurance policy in a particular year, we raise a cheer to your good health in the form of a substantial bonus.
